

Arthur Whiting's mission:

When I went on my mission to Canada at nineteen, I was no doubt one of the weakest elders in the whole mission. After one month in Toronto, I was sent to Port Arthur as a companion to Elder Wilson of Hatch, Utah. We spent twelve months there just the two of us. But he was a noble character and I think I really gained a testimony during that time.

We opened up a new area in Western Ontario, Buyland, and there is still a branch there. I went to Winnipeg next where I was made district president; then to Minneapolis when a new mission was formed and I was the first secretary of the mission and president of the District there.

Arthur—Northwest Central States Mission 1924-26
