

Ralph Whiting's Mission

After the death of Ralph's second wife and their child, Ralph was grief stricken.

Hard work seemed the solution to his sorrow, so he took a contract to finish a road between Springerville and McNary, Arizona. He completed the job ahead of schedule and with the money he went on a two-year mission to Canada and the Eastern States.

His mission brought him close to the Lord and many wonderful friends. Ralph has always had time for others and even in the mission he remembered all the children back home at Christmas and wrote many letters to all. He is one of the best read when it comes to a knowledge of the Gospel and his children have benefited greatly from this.
